Driving Licence

Benjamin Mousseau

Student in Computer Engineering

Education

- 2011–Present **Engineer diploma - MSc in Computer Engineering, ESIEE, Paris.**
Attending my senior year in an Engineering school, with a computer science focus.
- 2015 **European Project Semester, HiOA, Oslo, Norway.**
Semester abroad with the Erasmus program. Project of redesign of the video-conference rooms.
- 2008–2011 **Baccalauréat S, Lycée Vallée de Chevreuse.**
National secondary level diploma in Maths and Physics.

Working Experience

- 2015 **Web Developer, 2Advanced Studios, Paris.**
3 month long internship in a web development team.
Backend developer of a large web project based on AngularJS for Toyota.
- 2013 **Software Developer, Mozilla Foundation, Paris.**
4 month long internship in a software developer team in charge of the Talkilla project.
My mission was to develop a troubleshooting web app for the WebRTC technology used in Talkilla.
- 2011–Present **Event organizer, ESIEE, Paris.**
Managed several teams responsible for organizing an eSport event of more than 300 people, attracting players worldwide.

Technical competences

- WebDev AngularJS, Backbone.js, Node.js, WebRTC
- Theoretical Formal Languages, Compilers, Algorithmic, Genericity, Cloud Computing
- Languages JS, Python, C++, C, Java, PHP, SQL, Assembly, VHDL
- Others Project management, Computer building, Troubleshooting, Office Suite

Languages

- French Native Language
- English C1 level (633/670 at TOEFL ITP and 975/990 at TOEIC)
- German Scholar

Interests

- Technology Keeps in touch with new technologies, related Computer Sciences, Web Development, smart-phones, or computer hardware.
- Sport Alpine Skiing, Golf
- Associative Active member of the CS club of my school, and active in school life in general. (School promotion at events, evangelism ...)
- eSport Regularly organizing and holding an international video-game tournament in my Engineering school.
